## A-FOOD NBR FDA STEAM

### Properties

- a hose specially designed for dairies, canneries, fish markets, etc.
- highly flexible
- non staining cover compound
- resistant to animal and vegetable fats
- contains no phthalate

### Applications

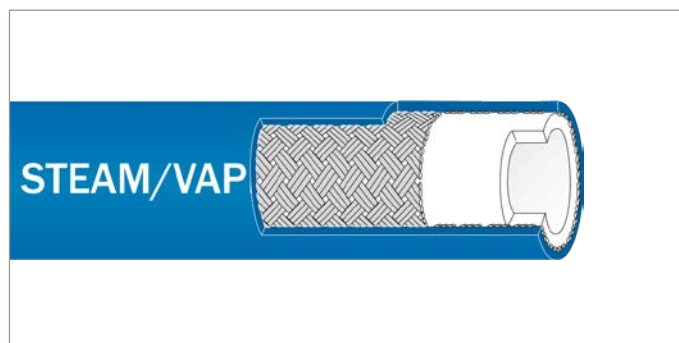

- for steam cleaning at temperatures up to + 165 °C and hot water washing in food processing plants
- suitable for transfer of hot liquid foodstuffs
- suitable for reel mounted applications

### Construction

- inner tube: food grade quality, oil resistant NBR, white, smooth
- reinforcement: synthetic textile
- cover: oil and weather resistant NBR/PVC, blue, smooth

### Standard/Approval

- EU regulations n° 1935/2004 and 2023/2006
- FDA regulation 21 CFR 177.2600
- DE legislation: BfR recommendation XXI cat. 3

**Code - F8G16....**

**Base Material - NBR**

**Operating Temperature** - steam: -20 ÷ +165 °C  
water: -20 ÷ +100 °C

**Pressure** - steam: 6 **bar**  
water: 20 **bar**

**Vacuum** - n.a.

**Diameter Range** - 13 ÷ 25 mm

**Key feature** - Food suitable

| inner Ø | outer Ø | working pressure (steam) | working pressure (water) | bursting pressure | bending radius | weight | coil length |
|---------|---------|--------------------------|--------------------------|-------------------|----------------|--------|-------------|
