

COLOR STRIPE SILICONE TUBING

Properties

- Color Stripe Silicone Tubing is available with three choices of color striping: red, green, or white
- whether you want to recognize your lines at a glance by application, tubing size, or functional area, Color Stripe Tubing gives you the flexibility to create your own system
- add on stripe and custom colors to create as complex a system as necessary
- custom stripe colors (yellow, violet, brown, orange, blue and black) and sizes are available upon request

Compliance with standards

- ISO 10993-1
- FDA 21 CFR 177-2600
- USP CLASS VI
- EP 3.1.9 (on request)

- Helix Medical Europe KG certifies that our silicone tubing is manufactured following Good Manufacturing Practices (GMP) in accordance with the Quality System Regulation (QSR) in a medical device facility.
- Helix Medical Europe KG is certified acc. to ISO 13485.
- The materials used meet or exceed USP Class VI biocompatibility requirements.
- These platinum-cured silicone products have full traceability to raw materials and contain no peroxide catalysts.

Code - T4HSPSC....

Base Material- VMQ PLATINUM CURED

Operating Temperature - -60 ÷ +180 / peaks +200 °C

Pressure - n.a.

Diameter Range - 3,18 ÷ 12,70 mm

Typical Hardness - 55 °shore A

inner Ø	outer Ø	wall thickness
mm	mm	mm
3,18	6,35	1,59
4,76	9,53	2,38
6,35	12,70	3,18
7,94	12,70	2,38
9,53	15,88	3,18
12,70	19,05	3,18
